

M3D5: Work on M3 major assignments!

1. Research proposal presentation
2. Mini-report

Upcoming Due Dates

This week

- Lab Notebook:
Thursday May 7
 - Email pdf to Joe
- Research Proposal Presentation:
Friday May 8
 - If your group needs a specific time slot, speak to me

Next week

- Mini Report:
Monday May 11
 - With your lab partner
- Blog:
Tuesday May 12 (by 10pm)
 - 3/4 blog posts required for credit

Notes on research proposal presentations

- Slides due to Stellar on Friday, May 8 by 1 pm
- Presentations to be delivered by each team via Zoom during lab

Don't forget:

- Practice switching between speakers over Zoom
- Discuss the importance of your research and emphasize how it advances the field
- Have clear experimental aims
- Ask questions for participation points

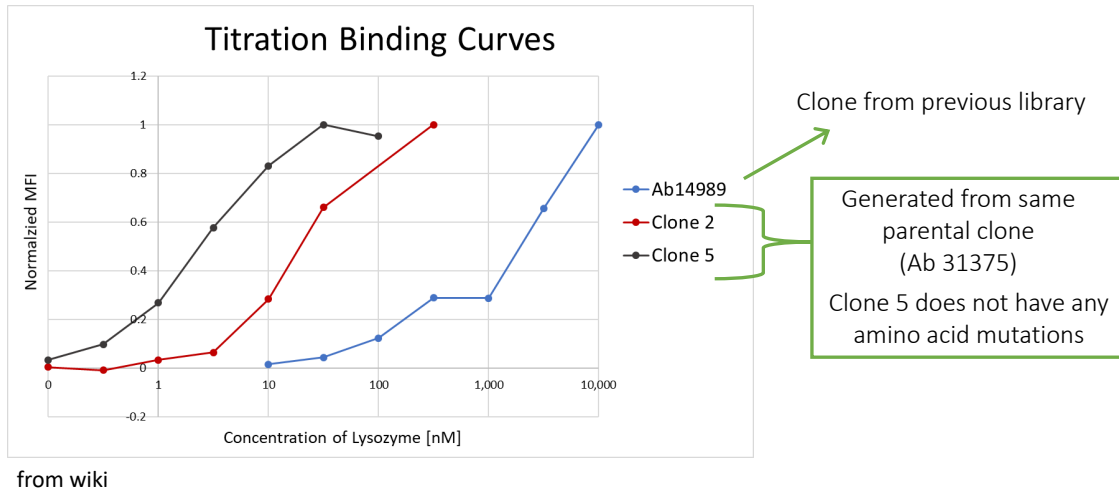

Notes on the mini-report

- Submission due to Stellar on Monday, May 11 by 10 pm
- Assignment to be completed with laboratory partner

Also consider:

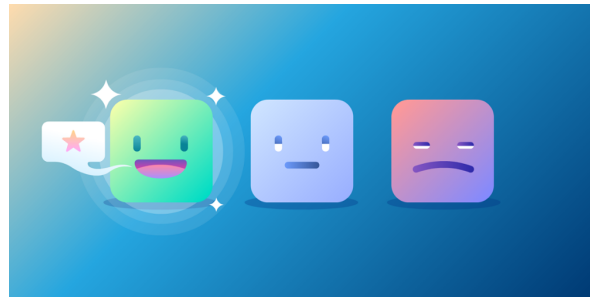

- Intended time allotment for assignment = 3-5 hours
 - Graded accordingly
- Late submissions will not be accepted after Wednesday, May 13 (grades are due Friday, May 15)

Note about the clones from Mod3

One last thing...

- Feedback session scheduled for Tuesday, May 12 at 11a
 - Lunch TBD
- Your feedback is important to improving the class
- Especially thoughts on online learning...

Thank you!
